

To Whom It May Concern:

I am very pleased to recommend Lambert & Carney Benefits Group to your company. Over the past five years, I have worked directly with Sean Carney, Principal of Lambert & Carney, and Jill Thompson, Account Manager. Their service and responsiveness have been second to none. They have been a true partner to our firm in every sense of the word; from benefit renewals and compliance education to value-adders such as Cobra outsourcing and yearly employee benefit statements.

The latest challenge they assisted us with was the newly established American Recovery & Reinvestment Act. They were very pro-active and helpful on the topic. They have been consistent in their process of answering all questions in a timely manner and following through to completion any open issues as they are with anything that I bring to their attention.

Sean's expertise as a broker is evident during the renewal process. He is well respected by insurance companies, and negotiates renewals with professionalism and cooperation. Although this process is always time sensitive, Sean keeps things on track and moving forward.

In my assessment, Lambert and Carney brings a great deal of value to our company. I would not hesitate to recommend them. I can be reached at 508-907-7823 if you would to ask me any specific questions about our experience with Lambert & Carney.

Sincerely,

Laurie Byrne

Benefits Specialist
